

WATCH TV EVERYWHERE

WatchTVEverywhere is a cooperative service offered by the National Cable Television Cooperative (NCTC) and its partners, so that we can offer you your favorite TV shows across multiple devices. WatchTVEverywhere has a lot of different definitions. For us, it is TV programs that are available on something other than a TV set. That means your PC, laptop, iPad, iPhone or Android.

Your favorite shows, anytime, on your mobile device!

How is WatchTVEverywhere different from something like Hulu or Netflix?

It's FREE! There is no extra charge to use it. You only need to have a subscription to the network you want to watch. Unlike Hulu and Netflix, which only provide previously recorded shows, WatchTVEverywhere includes live TV. For example, WatchTVEverywhere includes live game coverage on NFL Network or WatchESPN. WatchTVEverywhere also has full episodes of current TV shows within days of their premiere. You can also catch up on the entire season or previous seasons of your favorite shows.

What programs are available?

Different networks make different programs available at different times. Each TV network makes their own decision about what to make available on WatchTVEverywhere. For example, the live feed of CNN is available. However, the live feed of Nickelodeon is not. Instead, Nickelodeon offers full episodes of their popular programs.
